Motorbike Cleaner is a cleaning fluid which has been specially developed for motorbikes and bicycles and is free of solvents which are harmful to the environment and phosphates.

Properties

- high washing and cleaning efficiency
- fast acting
- releases dirt, oil and grease residues
- biologically degradable
- protects the environment
- rapid and effective cleaning

Technical data

Density at 20 °C	ca. 1,075 (Wirkstoff) / approx. 1.075 g/cm ³ (agent) g/cm ³
Base	Tenside; wasserlösliche Lösungsmittel / surfactants; water- soluble solvent
Biodegradable	über 80% nach deutschem WMG / more than 80 % according to WMG
Color / appearance	beige
Odor	parfümiert / perfumed
pH value	8,2 [20°C]

Areas of application

For cleaning motorbikes, bicycles and scooters etc.

Application

Spray thinly and evenly on motorbike, bicycle or scooter only when cool. Use a brush on places which are heavily contaminated. Leave Motorbike Cleaner to act for 5-15 minutes depending on contamination and rinse thoroughly with a jet of water. When dry, wipe with a soft cloth. For parts which have been repainted, check paint for compatibility (spotting or lifting) on somewhere out of sight. If used properly however, paint and plastic will not be damaged. When cleaning, the local regulations of the water management authority must be followed.

Do not use on motorbikes with magnesium rims.

Available pack sizes

1 l Can plastic	1509 D-GB-I-E-P
1 l Can plastic	5960 D-F-I-GR
5 l Can plastic	3037 D-GB-I-E-P
5 l Can plastic	5961 D-F-I-GR
20 l Canister plastic	3038 D
